Message from the President

Dear Friends,

Since 1996, the Community Foundation of the Dan River Region has assisted in enhancing and enriching the lives of the people in our area. This year alone, your generosity has enabled us to give more than \$1.1 million in grants to local charities and scholarships to area students. Unselfish donors, like you, have made it possible for us to continue to strive to live up to our vision of recognizing the needs and providing resources to improve the quality of life in our area and to serve your wishes. Thank you for sharing in that vision and making it possible for your

Foundation to continue its mission of improving and enriching lives.

The Community Foundation now has assets greater than \$25 million. Your ongoing generosity enables us to continue to serve the Dan River Region with our support. Some highlights of our work this past year include:

- Receiving gifts of \$1,026,950, from hundreds of donors.
- Awarding 76 student scholarships of more than \$125,000.

- Awarding grants of \$1,025,360 to 118 organizations.
- Working with donors to add 10 new endowment funds.
- Continuing to build the Fund for Halifax County.
- Convening a quarterly Funders Forum of area foundations.
- Serving as the fiscal agent for National Fund for Workforce Solutions-Dan River Region Collaborative, which had program expenses of \$396,545.
- Selling our 6,000th engraved brick for the local Veterans Memorial.

Please continue to support your Community Foundation and in doing so, making our region a better and more wholesome place to reside, work, and play.

Best wishes,

What is The Community Foundation?

The Community Foundation of the Dan River Region is an independent, public charity established in September 1996 by a steering committee of local civic leaders to gather permanent funds to support our area.

While the Foundation works with donors to establish funds to benefit any geographic area, our primary service area is Danville/Pittsylvania County, Virginia and Caswell County, North Carolina. Donations are also being sought to build up resources for South Boston/Halifax County, with consideration being given to other neighboring counties.

Community foundations are established to manage a collection of separate funds created by individuals and corporations – a community of donors – to enhance the quality of life in a local area. These funds are pooled and invested under the direction of a board of directors comprised of community leaders. Income from the funds is distributed in the form of grants and scholarships. The first community foundation was created in 1914 in Cleveland, Ohio. There are now more than 700 community foundations nationwide, controlling aggregate assets in excess of

\$25 billion. Community foundations are the fastest growing form of philanthropy in America today and often are in the vanguard of charitable giving.

The Community Foundation is fully tax-exempt as an organization described in Sections 501(c)(3) and 170(b)(A)(vi) of the Internal Revenue Code.

Our Vision

To recognize needs and provide resources

Partners in the Dan River Region

The Danville Regional Foundation and the Community Foundation of the Dan River Region are often confused by their names. At least once a week the offices are fielding calls looking for the other. While the processes for community investments are quite different, our common interest is what ties us together – to improve and enrich the Dan River Region. The Community Foundation works to help generous citizens find outlets for their financial resources from large to small and DRF works to make larger scale investments that impact the region through specific program areas such as education, economic vitality, community wellness, and civic capacity.

Through the Community Foundation of the Dan River Region, DRF is able to meet the

to improve the quality of life in our community and to serve the wishes of our donors.

Our Mission

To improve and enrich the lives of people in our community by encouraging the generosity of donors; by receiving, managing and distributing important resources; and by meeting a variety of charitable purposes in our community.

needs of a larger number of organizations that don't quite fit in any of these areas. By providing funds to the Community Foundation, DRF can help provide much needed assistance to more immediate needs of local organizations. The Dan River Region is fortunate to have such a wide and diverse network of non-profit organizations. From physical to psychological; to educational to community services, the abundance of resources in this area is a reflection of the giving spirit of its residents. DRF is proud to call The Community Foundation of the Dan River Region a partner in making community investments.

Ten Reasons to Donate Through Us

Establishing a charitable fund or giving to an existing fund at The Community Foundation is easy, flexible, effective and lasting. We can guide you through the process. Giving should warm your heart, not burden you with tax complications and ongoing administrative details. We are uniquely prepared to help you connect to the causes that matter to you:

1 We are a local organization with deep roots in the community.

2 Our professional staff has broad expertise regarding community issues and needs.

3 We provide highly personalized service tailored to each individual's charitable and financial interests.

4 Our funds help people invest in the causes they care about most.

5 We accept a wide variety of assets, and can facilitate even the most complex forms of giving.

6 We partner with professional advisors to create highly effective approaches to charitable giving.

7 We offer maximum tax advantage for most gifts under federal law.

8 We multiply the impact of gift dollars by pooling them with other gifts and grants.

9 We build endowment funds that benefit the community forever and help create personal legacies.

10 We are a community leader, convening agencies and coordinating resources to create positive change.

Dan River Region Collaborative

Continues to form workforce development partners; launches work ready initiative

Since 2008, the Community Foundation of the Dan River has served as

the fiscal agent of the Dan River Region Collaborative and has been an active member of its steering committee. During this five-year timeframe, the Collaborative has leveraged \$1.4 million for Southern Virginia primarily due to the successful, innovative workforce development partnerships it has helped to establish.

This year the Collaborative spearheaded an initiative to position Southern Virginia to become the first region in the Commonwealth to take the challenge of measuring

the region's skill sets of its workforce and positioning the region to earn the designation, "Certified Work Ready Community."

It is the Collaborative's position that the National Career Readiness Certificate (NCRC) is the employer's solution to verify workplace skills of reading comprehension, applied math and locating information and validate our region as work ready.

To earn this work ready designation, the region of Danville and Martinsville and the counties of Halifax, Henry, Pittsylvania

and Patrick, has agreed publicly to the following by July 1, 2014:

- 2,311 individuals in the workforce with a NCRC
- 287 employers who have signed on to support the region's efforts to achieve this status

While education attainment is important to the region's future success, the ability to qualify foundational skills, required by employers, is invaluable in today's competitive business environment.

THANK YOU

"I appreciate your assistance in expediting this agreement. I am certain that the Rotary Club of Yanceyville has made the best possible decision in trusting the Foundation with its scholarship."

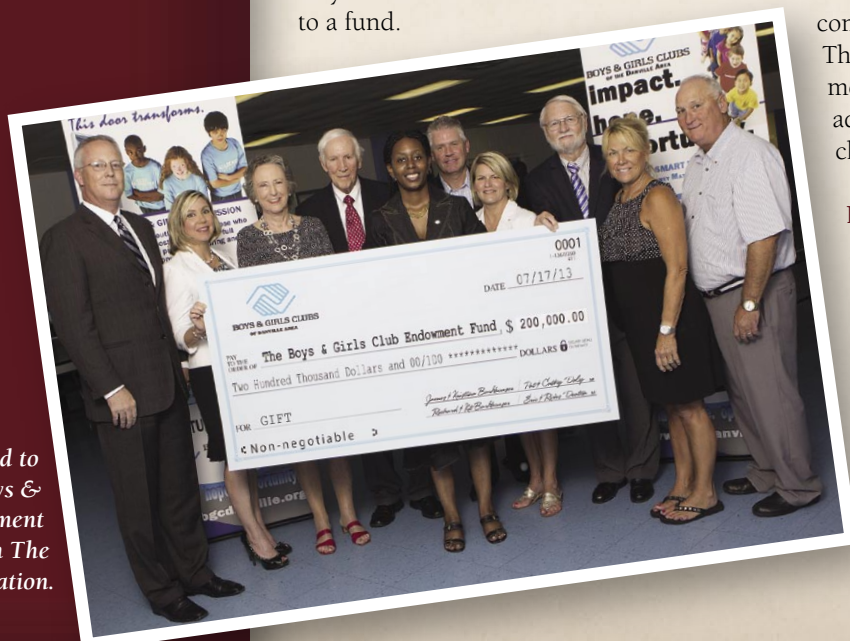

Barbara H. Scott, CPA

Four couples helped to establish the Boys & Girls Club Endowment Fund through The Community Foundation.

Starting a Fund

We invite you to join the thousands of donors who are working through The Community Foundation to build a strong future for our community.

Perhaps you have had a lifelong commitment to a particular charitable field and wish to support that interest in perpetuity. You may have a specific charity or charities in mind to receive income from your fund – or you may prefer an unrestricted gift, allowing the Foundation to determine where needs and opportunities are greatest in the community. You, and perhaps your family, may choose to be involved as advisors to a fund.

The Community Foundation encourages potential donors to also consult with their attorneys, accountants and tax advisors to learn more about charitable giving and establishing a fund through estate planning.

Donors can create their own Named fund for a minimum of \$10,000 (\$25,000 for scholarships) or they can contribute in any amount to an existing fund of the Foundation.

Unrestricted Funds give the Foundation maximum flexibility to respond creatively and effectively to the community's most compelling needs and opportunities. These funds are among the Foundation's most important assets, capable of addressing community needs as they change over time.

Field of Interest Funds are restricted by the donor at the time of creation to support a particular area of interest, such as children, the elderly, the arts, or the environment, etc. Once established, Field of Interest funds can grow through gifts from others who see them as a way to address their own charitable interests.

Designated Funds enable donors, at the time funds are established, to name one or more

specific organizations to benefit from the fund permanently. The Foundation ensures that the designated recipients receive support as long as they remain in existence and continue to fulfill the intended charitable purpose.

Donor Advised Funds allow you to recommend which charitable organizations should receive grants from your fund and in what amounts. Many donors choose to give to multiple nonprofits through a donor-advised fund. Our board of directors is legally responsible for approving all grants.

Scholarship Funds allow our donors to invest in the future by helping deserving students in our community. As the donor, you determine the criteria students must meet to receive your scholarship. Your gift can help students – from preschool to postgraduate – achieve their lifetime dreams. The Community Foundation provides the expertise to handle all of the application and selection process.

Agency Endowment Funds allow nonprofit organizations (agencies) to create a permanent and predictable source of funding dedicated for their organization. The agency can add to the fund as well as individuals, organizations and businesses.

THANK YOU

“Every animal available for rescue at the Pittsylvania County Pound has been rescued, and we have also been able to help many owners who could no longer care for their pets and surrendered them to us. Thanks to the Community Foundation for helping us give these animals a second chance.”
